Third row = one strand C
Four row = one strand D
Continue down towards the stem in D.

3. ALL PETALS
A. 3747 pale lavender
B. 341 light lavender
C. 340 medium lavender
D. 3746 dark lavender
E. 333 very dark lavender

PETALS
Outline each petal with two strands of split stitch in B. Fill each petal in long and short stitch starting with the back petal and working forward as shown.

Shade from the outside in towards the base from light to dark. Use two strands in the first row only and then change to one strand in all the subsequent rows.

Ensure that the lighter shades meet the darker shades where the petals overlap.
